824T

COMPACT IMPACT CRUSHER

The Tesab 824T compact impact crusher is the perfect solution for projects with small footprints but big requirements. These compact, mobile crushers are suited particularly to construction and demolition recycling, asphalt recycling, and aggregates.

This versatile, mobile crusher is able to nimbly move around in small spaces, and continue moving while crushing. The 824T's small footprint is uniquely suited to the demolition and asphalt recycling, aggregates and smaller scale construction projects. Less than 2.5m wide, the crushers can be transported easily from site to site.

The new line boasts flexibility as well, not only can the 824T continue crushing while moving, it can convert to a recirculating impactor in just a few hours.
