

Specialists in Engineering Solutions for the Recycling and Material Handling Sectors

The Anaconda **SR** Range of Mobile Tracked Finishing Screens have been developed specifically to suit applications where separating fines is of the utmost importance.

The **SR520** is robust with a high productivity rate as it can screen and stockpile 4 different products at an output of 350TPH. Fully equipped with a 20 x 5 Triple or Double Deck Screen, 14ft Feed Hopper, Main Conveyor and the option of 3 or 4 hydraulically folding stockpiling conveyors this versatile finishing screen is capable of dealing with any application.

The **SR520** can be set up and running within 20 minutes of delivery. Commissioning is aided with the hydraulic controls to position and guide all the Conveyors, Screen Box and Landing Legs into place.

Anaconda stock a full range of spare parts as a display of our commitment to provide a dedicated and responsive service to all our customers.
